How do I redeem my courseware code?

To access your courseware using Kortext, follow the steps below:

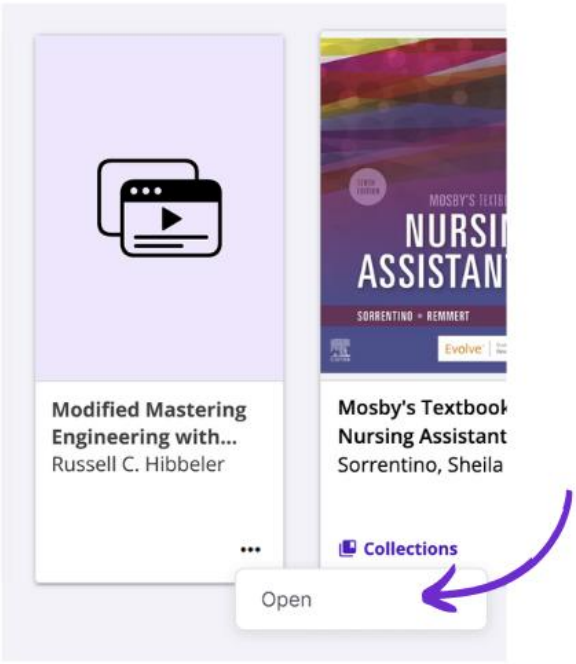

1. Reveal your courseware access code.
   Click on the courseware on your bookshelf, in the section that says, ‘Reveal your access code’ you will see a purple button saying ‘Reveal’ or ‘Copy’, click this button to reveal your courseware access code and copy the code to your clipboard.

2. Follow the link to the courseware website
   From the ‘Access your courseware’ menu screen, in the section that says, ‘Access the link,’ follow the highlighted URL link to the courseware provider’s website.
3. Sign in or create an account on the courseware provider’s website.
   Follow the instructions on the publisher’s website to create an account and sign in.
4. Redeem your access code
   Follow the instructions on the courseware provider’s website and paste the access code copied from Kortext into the relevant field to redeem your content.
5. Access your content!

After you have redeemed your content, you will be able to access it via the courseware provider’s website, once signed in.
By clicking the courseware in your library, it will transport you to the provider’s website for access.
